

## A Municipality Standard

The Penta-Bolt™ is the staple of ground lid and manhole cover security, and is typically specified for these applications. It requires a special pentagon socket which is not found in retail stores.

**SECURITY LEVEL:** 4

Unfortunately toolboxes are equipped to remove Penta-Bolt™ fasteners with common items such as locking pliers. Most notably, copper thieves are easily removing these fasteners. Penta-Bolt™ fasteners protecting copper should be replaced with something more secure. The savings in loss prevention can be significant.

### PENTA-BOLT™ 7/8 POINT/FLAT

7/8 Point/Flat	Part #	10 Piece	100	1/4 Keg QTY	Price
3/8-16x3/4	3GBP37075	\$4.15	\$2.70	700	\$2.08
